SUMMARY

This proposed ordinance amends Chapter 17 of the 2019 Detroit City Code, *Finance*, by amending Article V, *Purchase and Supplies*, to add Division 12, *Community Input Over Government Surveillance*; Sections 17-12-191 through 17-12-200; to define essential terms, to require submission of a Surveillance Technology Specification Report with procurement requests to City Council and to provide for a Public Hearing, or waiver of same, to identify the minimum required contents of the Surveillance Technology Specification Report, to require an annual Surveillance Technology Procurement Report from relevant municipal agencies to City Council of all new acquisitions of surveillance technology, to require an Annual Surveillance Use Report from relevant municipal agencies to City Council of government surveillance activities, to require a public engagement meeting regarding the Annual Surveillance Use Report, to establish a public reporting system for government surveillance procurements, to provide for use of unapproved surveillance technology in exigent circumstances, to prohibit certain contractual provisions, and to establish whistleblower protections.

CITY CLERK 2019 SEP 10 PM2:04

1 **BY COUNCIL MEMBER _____:**

2 **AN ORDINANCE** to amend Chapter 17 of the 2019 Detroit City Code, *Finance*, by
3 amending Article V, *Purchase and Supplies*, to add Division 12, *Community Input Over*
4 *Government Surveillance*; Sections 17-12-191 through 17-12-200; to define essential terms, to
5 require submission of a Surveillance Technology Specification Report with procurement requests
6 to City Council and to provide for a Public Hearing, or waiver of same, to identify the minimum
7 required contents of the Surveillance Technology Specification Report, to require an Annual
8 Surveillance Use Report from relevant municipal agencies to City Council of government
9 surveillance activities, to require a public engagement meeting regarding the Annual Surveillance
10 Use Report, to establish a public reporting system for government surveillance procurements, to
11 provide for the use of unapproved surveillance technology in exigent circumstances, to prohibit
12 certain contractual provisions, and to establish whistleblower protections.

13 **IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT**
14 **THAT:**

15 **Section 1:** That Chapter 17 of the 2019 Detroit City Code, *Finance*, Article V, *Purchases*
16 *and Supplies*, Division 12, *Community Input Over Government Surveillance*, Sections 17-12-191
17 through 17-12-200 be added to read as follows:

18 **CHAPTER 17. FINANCE**

19 **ARTICLE V. PURCHASE AND SUPPLIES**

20 **DIVISION 12. COMMUNITY INPUT OVER GOVERNMENT SURVEILLANCE**

21 **Sec. 18-12-191. Definitions.**

22 For the purpose of this division, the following words and phrases shall have the meanings
23 respectively ascribed to them by this section:

1 Surveillance data means any electronic data collected, captured, recorded, retained,
2 processed, intercepted, analyzed, or shared by surveillance technology.

3 Surveillance technology means any electronic surveillance device, hardware, or software
4 that is capable of collecting, capturing, recording, retaining, processing, intercepting, analyzing,
5 monitoring, or sharing audio, visual, digital, location, thermal, biometric, or similar information
6 or communications specifically associated with, or capable of being associated with, any specific
7 individual or group; or any system, device, or vehicle that is equipped with an electronic
8 surveillance device, hardware, or software.

9 (1) Surveillance technology includes, but is not limited to:

- 10 a. International mobile subscriber identity (IMSI) catchers and other cell site
11 simulators;
- 12 b. Automatic license plate readers;
- 13 c. Electronic toll readers;
- 14 d. Closed-circuit television cameras;
- 15 e. Biometric surveillance technology, including facial, voice, iris, and gait-
16 recognition software and databases;
- 17 f. Mobile DNA capture technology;
- 18 g. Gunshot detection and location hardware and services;
- 19 h. X-ray vans;
- 20 i. Video and audio monitoring and/or recording technology, such as
21 surveillance cameras, wide-angle cameras, and wearable body cameras;
- 22 j. Surveillance enabled or capable lightbulbs or light fixtures;

- k. Tools, including software and hardware, used to gain unauthorized access to a computer, computer service, or computer network;
- l. Social media monitoring software;
- m. Through-the-wall radar or similar imaging technology,
- n. Passive scanners of radio networks,
- o. Long-range Bluetooth and other wireless-scanning devices,
- p. Radio-frequency I.D. (RFID) scanners, and
- q. Software designed to integrate or analyze data from Surveillance Technology, including but not limited to remote video and/or audio monitoring, social media monitoring, surveillance target tracking, and predictive policing software.

(2) Surveillance technology does not include the following devices or hardware, unless they have been equipped with, or are modified to become or include, a surveillance technology as defined in this section:

- a. Routine office hardware, such as televisions, computers, and printers, that is in widespread public use and will not be used for any surveillance or surveillance-related functions;
- b. Parking Ticket Devices (PTDs);
- c. Cell phones;
- d. Manually-operated, non-wearable, handheld digital cameras, audio recorders, and video recorders that are not designed to be used surreptitiously and whose functionality is limited to manually capturing and manually downloading video and/or audio recordings;

1 e. Surveillance devices that cannot record or transmit audio or video or be
2 remotely accessed, such as image stabilizing binoculars or night vision
3 goggles;

4 f. Municipal agency databases that do not and will not contain any data or
5 other information collected, captured, recorded, retained, processed,
6 intercepted, or analyzed by surveillance technology; and

7 g. Manually-operated technological devices that are used primarily for internal
8 municipal agency communications and are not designed to surreptitiously
9 collect surveillance data, such as radios and email systems.

10 Surveillance technology procurement means the purchase, acquisition, or borrowing of a
11 surveillance technology whether or not the surveillance technology procurement is made through
12 the exchange of monies, other consideration, or at no cost.

13 **Sec. 18-12-192. City Council approval of all surveillance technology procurements;**
14 **submission of, and reliance upon, Surveillance Technology Specification Reports, Public**
15 **Hearing, waiver.**

16 (a) No municipal agency may engage in a surveillance technology procurement until:

17 (1) The agency has provided the City Council with a Surveillance Technology
18 Specification Report, as described in Section 18-12-193 of this Code;

19 (2) The City Council has conducted a properly-noticed public hearing regarding the
20 requested procurement; and

21 (3) The City Council has voted to approve the surveillance technology procurement.

22 (b) All applicable Surveillance Technology Specification Reports associated with a
23 surveillance technology, as well as any other applicable policies, standards, and procedures, shall

1 be submitted to the City Council by the requesting agency or, in the case of the Police Department,
2 in conjunction with a copy of the applicable governing policy approved by the Board of Police
3 Commissioners, concurrently with any request for the approval of the procurement of a
4 surveillance technology.

5 (c) Surveillance Technology Specification Reports submitted for procurement of new
6 surveillance technology shall be made available to the public, at a designated page on the City
7 website and, where a Public Hearing is required under Subsection (a) of this section, at least 30
8 days prior to the Public Hearing. Any Surveillance Technology Specification Report that is
9 submitted with a surveillance technology procurement approval request approved by City Council
10 shall be made available to the public for as long as the related surveillance technology remains in
11 use by or in the possession of the municipal agency.

12 (d) The City Council shall only approve a procurement request for a surveillance
13 technology under this section if it determines the benefits of the surveillance technology outweigh
14 its costs, that the proposal will safeguard civil liberties and civil rights, and that the uses and
15 deployments of the surveillance technology will not be based upon discriminatory or viewpoint-
16 based factors or have a disparate impact on any community or group.

17 (e) Any City Council approval of a procurement request for a surveillance technology
18 made pursuant to this division shall be pre-conditioned and done in reliance upon the information,
19 obligations, and limitations set forth in the Surveillance Technology Specification Report provided
20 to the City Council pursuant to Subsection (b) of this section. Where the Police Department wishes
21 to use a procured surveillance technology in a manner that is inconsistent with its Surveillance
22 Technology Specification Report, and where Section 18-12-198 is inapplicable, it must seek and
23 receive permission to do so from the Board of Police Commissioners.

1 (f) Permission to acquire or use a new make or model of a surveillance technology
2 does not have to be sought where its functionality and capabilities do not differ in any significant
3 way from a previously approved version of the same surveillance technology.

4 (g) The public hearing requirements provided for in Subsection (a) of this section may
5 be waived pursuant to a vote of 2/3 of City Council members serving.

6 **Sec. 18-12-193. Surveillance Technology Specification Reports.**

7 (a) The contents of the Surveillance Technology Report shall reflect the complete and
8 accurate proposed use of surveillance technology being submitted.

9 (b) The surveillance Technology Report shall be a publicly released report, written by
10 the requesting agency or, in the case of the Police Department, in conjunction with the Board of
11 Police Commissioners, that includes, at a minimum, the following:

12 (1) *Description:* Information describing the surveillance technology and its
13 capabilities;

14 (2) *Purpose:* What specific purpose(s) the surveillance technology is intended to
15 advance.

16 (3) *Deployment:* If the surveillance technology will not be uniformly deployed or
17 targeted throughout the City, what factors will be used to determine where the
18 technology is deployed or targeted;

19 (4) *Fiscal Impact:* The fiscal impact of the surveillance technology; and

20 (5) *Civil Rights/Liberties Impacts:* An assessment identifying with specificity:

21 a. Any potential adverse impacts the surveillance technology, if deployed,
22 might have on civil liberties and civil rights; and

b. What specific, affirmative measures will be implemented to safeguard the public from the potential adverse impacts identified in this section.

(6) Authorized Use: For what specific capabilities and uses of the surveillance technology is authorization being sought, and

a. What legal and procedural rules will govern each authorized use;

b. What potential uses of the surveillance technology will be expressly prohibited;

c. Who, by employment category or position, will be authorized to operate the technology and/or access its data; and

d. How and under what circumstances will surveillance data that was collected, captured, recorded, or intercepted by the surveillance technology be analyzed and reviewed.

(7) Data Collection:

a. What types of surveillance data will be collected, captured, recorded, intercepted, or retained by the surveillance technology;

b. What surveillance data may be inadvertently collected during the authorized uses of the surveillance technology, and what measures will be taken to minimize the inadvertent collection of data; and

c. How inadvertently collected surveillance data will be expeditiously identified and deleted.

(8) Data Protection: What safeguards will be used to protect surveillance data from unauthorized access, including encryption and access control mechanisms.

1 (9) Data Retention: Insofar as the privacy of the public can be severely compromised
2 by the long-term storage of mass surveillance data, what rules and procedures will
3 govern the retention of surveillance data, including those governing:

4 a. The limited time period, if any, surveillance data will be retained. Such
5 information shall include a statement explaining why the designated
6 retention period is no greater than that which is absolutely necessary to
7 achieve the specific purpose(s) enumerated in the Surveillance Technology
8 Specification Report;

9 b. The specific conditions that must be met to retain surveillance data beyond
10 the retention period identified pursuant to Subsection (9)(a) of this section;

11 c. The process utilized to regularly delete surveillance data after the retention
12 period stated in Subsection (9)(a) of this section has elapsed and the auditing
13 procedures that will be implemented to ensure data is not improperly
14 retained;

15 (10) Surveillance Data Sharing: If a municipal agency is seeking authorization to share
16 access to surveillance technology or surveillance data with any other governmental
17 agencies, departments, bureaus, divisions, or units, or non-governmental persons or
18 entities in the absence of a judicial warrant or other legal mandate, it shall detail:

19 a. Which governmental agencies, departments, bureaus, divisions, or units, or
20 non-governmental persons or entities will be approved for (i) surveillance
21 technology sharing, and for (ii) surveillance data sharing;

22 b. How such sharing is necessary for the stated purpose and use of the
23 surveillance technology;

- c. How it will ensure any entity sharing access to the surveillance technology or surveillance data complies with the applicable Surveillance Technology Specification Report and does not further disclose the surveillance data to unauthorized persons and entities; and
- d. What processes will be used to seek City Council approval of future surveillance technology or surveillance data sharing agreements.

(11) *Demands for Access to Surveillance Data:* What legal standard must be met by government entities or third parties seeking or demanding access to surveillance data.

(12) *Auditing and Oversight:* What mechanisms will be implemented to ensure the Surveillance Technology Specification Report is followed, including what independent persons or entities will be given oversight authority, if and how regular audits will be conducted, and in the case of the Detroit Police Department, also how the Board of Police Commissioners will be involved in the auditing and oversight process.

(13) *Training:* What training requirements will be required in connection with the use of the surveillance technology. What qualifications and special skills will be required of persons authorized to use the surveillance technology.

(14) *Complaints:* What procedures will allow members of the public to register complaints or concerns, or submit questions about the deployment or use of a specific surveillance technology, and how the municipal agency will ensure each question and complaint is responded to in a timely manner.

Sec. 18-12-194. Annual Surveillance Technology Procurement Report.

1 (a) Not later than March 31st of each year, any municipal agency using a surveillance
2 technology must submit to the City Council and, in the case of the Detroit Police Department also
3 to the Board of Police Commissioners, and make available on its public website, an Annual
4 Surveillance Technology Procurement Report.

5 (b) The Annual Surveillance Technology Procurement Report shall include the
6 following information for the previous calendar year:

7 (1) The total dollar value of all contracts associated with procurement of new
8 surveillance technology;

9 (2) The total number of contracts entered into for the procurement of new surveillance
10 technology;

11 (3) The number of occasions where surveillance technology was acquired temporarily
12 from other jurisdictions or entities, as well as the name(s) of the applicable
13 jurisdiction(s) or entity(s).

14 **Sec. 18-12-195. Annual Surveillance Use Report.**

15 (a) Not later than March 31st of each year, any municipal agency using a surveillance
16 technology must submit to the City Council and, in the case of the Detroit Police Department also
17 to the Board of Police Commissioners, and make available on its public website, an Annual
18 Surveillance Use Report for each specific surveillance technology used at any time during the
19 previous calendar year.

20 (b) The Annual Surveillance Use Report shall include the following information for
21 the previous calendar year:

22 (1) A brief overview of how the surveillance technology collected data;

23 (2) The total number of hours the surveillance technology was used;

- 1 (3) The total number of incidents for which the surveillance technology was used;
- 2 (4) The number of times surveillance data from the surveillance technology was shared
3 with external entities, the name(s) of all recipient entities, the type(s) of data
4 disclosed, and the general reason for the disclosure(s), unless disclosing such
5 information would disrupt the operation of a valid, confidential agreement between
6 or among law enforcement agencies;
- 7 (5) The number of times surveillance data was acquired from external entities the
8 name(s) of all entities sharing surveillance data, the type(s) of data acquired, and
9 the general reason for acquisition.
- 10 (6) The geographic deployment of surveillance technology, by individual census tract
11 as defined in the relevant year by the United States Census Bureau. For each census
12 tract, the municipal agency shall report how many individual days the surveillance
13 technology was deployed.
- 14 (7) The length of time surveillance technology was used to monitor internet activity,
15 as well as the number of specifically targeted people who were monitored.
- 16 (8) A summary of complaints or concerns that were received about the surveillance
17 technology;
- 18 (9) The results of any internal audits, any information about violations of the applicable
19 Surveillance Technology Specification Reports, and any actions taken in response;
20 and
- 21 (10) Total annual costs for the surveillance technology, including personnel and other
22 ongoing costs, and the sources of funding for the technology in the next fiscal year.

1 (c) For purposes of this section, “external entities” shall not include persons acting in
2 their individual capacities.

3 **Sec. 18-12-196. Public engagement meeting.**

4 Not later than 45 days of submission of the Annual Surveillance Use Report to City Council
5 in accordance with Subsection 18-12-195(a) of this code, any municipal agency using a
6 surveillance technology approved pursuant to this ordinance, and in the case of the Detroit Police
7 Department in coordination with the Board of Police Commissioners, shall hold one or more well-
8 publicized and conveniently located community engagement meetings at which the general public
9 is invited to discuss and ask questions regarding the Annual Surveillance Use Report and the
10 municipal agency’s use of surveillance technologies.

11 **Sec. 18-12-197. Public report of government surveillance authorizations.**

12 Not later than April 30th of each year, the City Council or its appointed designee, shall
13 release an annual public report, in print and on the City website, containing the following
14 information for the preceding calendar year:

15 (1) The number of requests for approval submitted to the City Council for the (a)
16 funding, (b) acquisition, and (c) new uses of surveillance technology;

17 (2) The number of times the City Council approved requests submitted for the (a)
18 funding, (b) acquisition, and (c) new uses of surveillance technology;

19 (3) The number of times the City Council rejected requests submitted for the (a)
20 funding, (b) acquisition, and (c) new uses of surveillance technology;

21 (4) All Annual Surveillance Use Reports issued within the previous year.

22 **Sec. 18-12-198. Use of unapproved surveillance technology in exigent circumstances**

1 (a) A municipal agency may temporarily acquire, or temporarily use, surveillance
2 technology in exigent circumstances without following the provisions of this ordinance provided
3 that the municipal agency does all of the following:

4 (1) Use the surveillance technology to solely respond to the exigent circumstances;

5 (2) Cease using the surveillance technology within seven calendar days, or when the
6 exigent circumstances end, whichever is sooner;

7 (3) Keep and maintain only data related to the exigent circumstances and dispose of
8 any data that is not relevant to an ongoing investigation, unless its retention is (a)
9 authorized by a court based on a finding of probable cause to believe the
10 information constitutes evidence of a crime; or (b) otherwise required by law;

11 (4) Not disclose to any third party any information acquired during exigent
12 circumstances unless such disclosure is (a) authorized by a court based on a finding
13 of probable cause to believe the information constitutes evidence of a crime; or (b)
14 otherwise required by law;

15 (5) Within 45 days of the initiation of the exigent circumstances submit a written report
16 to the City Council summarizing that acquisition and/or use;

17 (b) Any technology temporarily acquired in exigent circumstances shall be returned
18 within seven days following its acquisition, or when the exigent circumstances end, whichever is
19 sooner.

20 **Sec. 18-12-199. Certain contracts prohibited.**

21 (a) It shall be unlawful for any municipal agency to enter into any contract or
22 agreement that conflicts with the provisions of this ordinance, including but not limited to contracts
23 or agreements containing non-disclosure agreements.

1 (b) It shall be unlawful for any municipal agency to enter into any contract or
2 agreement that facilitates the exchange of surveillance data in return for monetary or any other
3 form of consideration, including the assessment of additional fees or surcharges on unpaid fines
4 or debts.

5 **Sec. 18-12-200. Prohibitions; whistleblower protections.**

6 (a) It shall be unlawful for any municipal agency to violate any provision of this
7 ordinance, including but not limited to, funding, acquiring, or using a surveillance technology that
8 has not been approved pursuant to this ordinance or utilizing a surveillance technology in a manner
9 or for a purpose that has not been enumerated in a Surveillance Technology Specification Report
10 that accompanied an approved surveillance technology procurement request submitted pursuant to
11 Section 18-12-192 of this code.

12 (b) Municipal employees or agents shall not use any surveillance technology in a
13 manner that is inconsistent with or exceeds the terms of the Surveillance Technology Specification
14 Report that accompanied an approved surveillance technology procurement pursuant to Section
15 18-12-192 or Section 18-12-198 of this Code, and may in no circumstances utilize surveillance
16 technology in a manner which is discriminatory, viewpoint-based, or violates the Charter, State
17 Constitution, or United States Constitution.

18 (c) Any municipal employee or agent who violates this ordinance shall be subject to
19 appropriate disciplinary measures.

20 (d) No municipal agency or anyone acting on behalf of a municipal agency may take
21 or fail to take, or threaten to take or fail to take, a personnel action with respect to any employee
22 or applicant for employment, including but not limited to discrimination with respect to
23 compensation, terms, conditions, access to information, restrictions on due process rights,

1 privileges of employment, or civil or criminal liability, because the employee or applicant was
2 perceived to, about to, or assisted in, any lawful disclosure of information concerning the funding,
3 acquisition, or use of a surveillance technology or surveillance data, to any relevant municipal
4 agency, municipal law enforcement, prosecutorial, or investigatory office, or City Council
5 Member, based upon a good faith belief that the disclosure evidenced a violation of this ordinance.

6 **Section 2.** All ordinances, parts of ordinances, that conflict with this ordinance are
7 repealed.

8 **Section 3.** This ordinance is hereby declared necessary for the preservation of the public
9 peace, health, safety, and welfare of the People of the City of Detroit.

10 **Section 4.** Where this ordinance is passed by two thirds (2/3) majority of City Council
11 Members serving, it shall be given immediate effect and shall become effective upon publication
12 in accordance with Section 4-118(1) of the 2012 Detroit City Charter. Where this ordinance is
13 passed by less than two thirds (2/3) majority of City Council members serving, it shall become
14 effective thirty (30) days after publication in accordance with Section 4-118(2) of the 2012 Detroit
15 City Charter.

Demolition Ordered: July 1, 2019

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on September 4, 2019 **revealed** that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. **This is the 1st deferral request for this property.**

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.
2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.
3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Compliance, required for all rental properties
4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.
6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

David Bell
Director

RE: Petition #1049 – DTE Energy, request to install approximately 83 banners along Plum St., Grand River Ave., 1st St., Bagley St., 3rd Ave. in order to promote civic pride, refresh the streetscape and improve visual perception of the neighborhood.

The Department of Public Works, Traffic Engineering Division received the above referenced petition. This department has no objections to the placement of banners, provided that the banner installation is in compliance with the banner policy adopted by your Honorable Body on November 30, 2001, and subject to the following conditions:

1. **Eighty-three (83) banners** are to be located along Plum St. from 3rd Ave. to 2nd Ave., Grand River Ave. from 2nd Ave. to 1st St., 1st St. from Grand River Ave. to Bagley St., Bagley St. from 1st St. to 3rd Ave. and 3rd Ave. from Bagley St. to Plum St. as shown on the attached map below.
2. The duration of banner installation shall be from September 23, 2019 through September 8th, 2020.
3. Banners shall not exceed thirty-two (32) inches in width by ninety-four (94) inches in height and should be acrylic or vinyl with standard slitting (also called "Happy Faces").
4. Banners shall be affixed to allow minimum of (15) feet clearance from walkway surface.
5. Banners shall not include flashing lights that may be distracting to motorists.
6. Banners shall not have displayed thereon any legend or symbol which is, or resembles, or which may be mistaken for a traffic control device, or which attempts to direct the movement of traffic.
7. Commercial advertising is strictly prohibited on all banners; including telephone numbers, mailing addresses, and web site addresses.
8. A sponsoring organization's logo and/or name may be included at the bottom of the banner in a space no more than ten (10) inches in height by thirty (30) inches in length, and letter size shall be limited to four (4) inch maximum and placed at the bottom of the banner.
9. Sponsoring organizations may not include messages pertaining to tobacco and related products, alcoholic beverages, firearms, adult entertainment or sexually explicit products, or political campaigns.
10. Sponsoring organizations may not include legends or symbols which may be construed to advertise, promote the sale of, or publicize any merchandise or commodity, with the exception of sponsorship as described in the banner policy (see section 9 of the policy).
11. Banner placement must be a minimum of 120 feet or every other pole apart, whichever is greater, including banners that may exist at the time of the installation and is limited to a two thousand (2000) feet radius area of the event location or within the stated organization's boundaries.

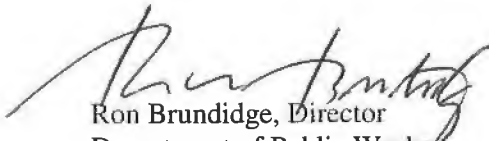

HONORABLE CITY COUNCIL (Cont.)

Petition #1049

12. The design, method of installation and location of banners shall not endanger persons using the highway or unduly interfere with the free movement of traffic.
13. The petitioner *SHALL* secure an approval from **Public Lighting Department** to use their utility poles to hang the banners.
14. The petitioner *SHALL* secure Right of Way permit from City Engineering Division every time the banners are changed/replaced.
15. The wording on the banners will be (please see below).
16. Since Grand River Avenue is a state trunk line in the above location, approval from the Michigan Department of Transportation is required.

If deemed appropriate by the City of Detroit, The City reserves the right to have the banners removed by the Petitioner at the Petitioner's cost prior to expiration date.

Respectfully Submitted,
